

AS Resit Revision Plan

As you work towards your AS resit, you will largely be responsible for your own learning. This Revision Plan will help you to plan for this more effectively, and to monitor and evaluate your progress towards your goals. It will also enable your teacher to monitor your progress – and hold you accountable!

Use your QR reader to link through to the video you'll need to watch to help you complete this. Alternatively, go to the Geography website and click on the **Skills** tab to find the video.
